

ATTACK IS MADE ON MARY B. EDDY

Frederick W. Peabody, Boston Lawyer, Declares Christian Science Is Not a Religion.

CALLS IT COMMERCIAL SCHEME

In Address at Illinois Theatre Speaker Says Denomination Founded to Sell Books.

In a lecture filled with bitterness and sarcasm, Frederick W. Peabody, a Boston lawyer, yesterday afternoon at the Illinois theatre made a sensational attack on Christian Science, claiming that it was not a religion but a unique commercial enterprise, founded by Mrs. Mary Baker Eddy for the purpose of enriching herself.

Mr. Peabody was brought to the city under the auspices of the Rock Island Ministerial alliance. He was secured by the heirs of Mrs. Eddy to represent them in an attempt to break her will and secure the fortune which she left the "Mother Church."

The theatre was filled when Rev. D. A. Johnson, pastor of the Central Presbyterian church, called the meeting to order and introduced the speaker. In prefacing his remarks, Mr. Peabody took occasion to deny that he had ever been a Christian Scientist or that his wife had been a rival of Mrs. Eddy for leadership in the denomination. He said that he had heard that the statement had been made since his arrival in the city that he had been disbarred, but he denounced the accusation with characteristic feeling.

In his address Mr. Peabody reviewed the private life of Mrs. Eddy and ridiculed the assertion that Mrs. Eddy had had a revelation in 1866 which was responsible for the founding of the new religion. He declared that in 1862 Mrs. Eddy took treatment from a Dr. P. P. Quinby and that it was his theories that years later she decided to claim as her own in announcing the principles of Christian Science.

Cures Questioned.

The speaker said that Mrs. Eddy claimed she could perform miracles even as Jesus did, but this Mr. Peabody denied, as well as bringing into question cures said to have been made by her healers. He especially attacked what he termed was the unsympathetic attitude of the church toward children.

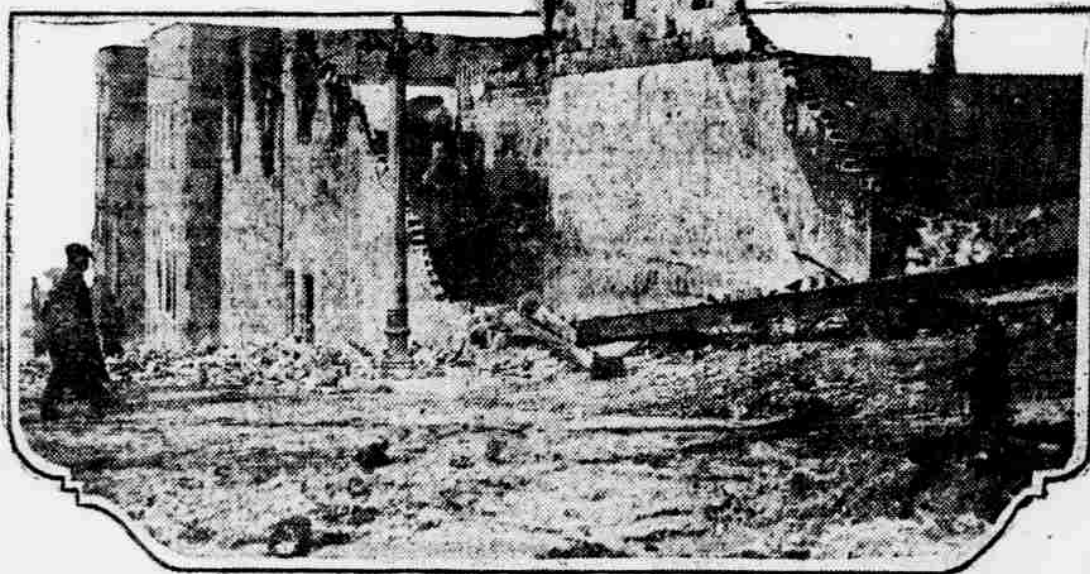

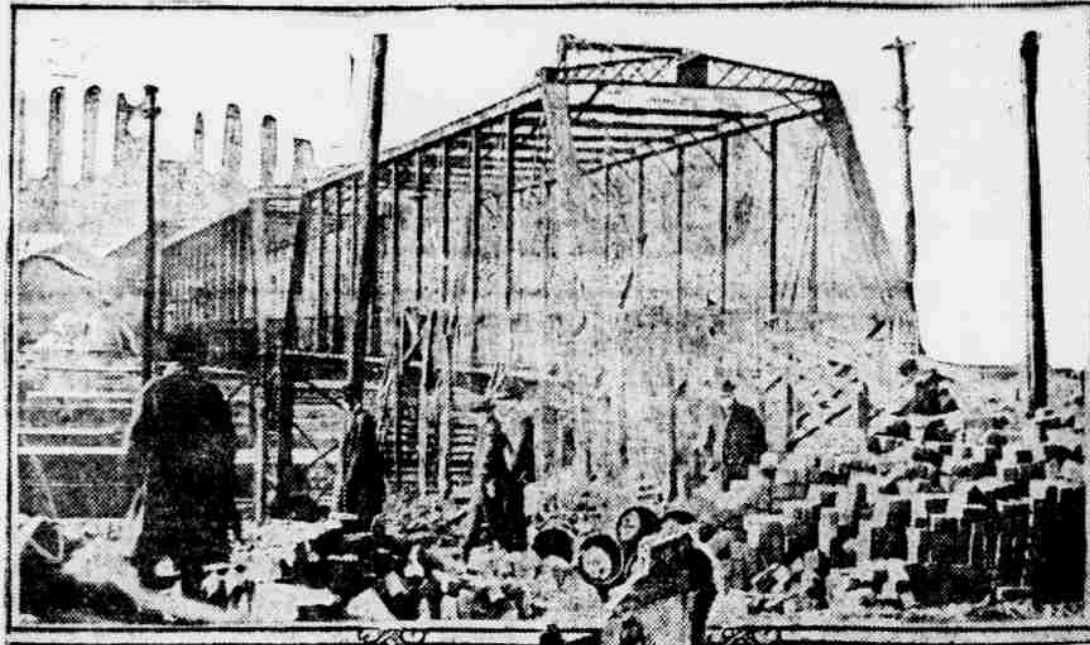

That Mrs. Eddy's object in founding Christian Science was merely to furnish an agency for the sale of her books and literature, was a claim advanced, and most of the address was taken up in elaboration of that statement.

IT'S YOUR KIDNEYS

You have swollen feet and hands! Stiff, aching joints! Sharp-shooting, rheumatic pains torture you. You have aching back, pain in the lower abdomen, difficulty when urinating! Look out! These are danger signals. Trouble is with your kidneys. Uric acid poisoning, in one form or another, has set in. It may lead to dropsy or fatal Bright's disease if not checked.

Get some GOLD MEDAL Haarem Oil Capsules immediately. They are an old preparation, used all over the world for centuries, combining natural healing oil and herbs, well known to physicians and used by thousands in their daily practice. The capsules are not an experimental, make-shift "patent medicine," or "salt," whose effect is only temporary. They are a standard remedy, and act naturally, gently and quickly. But when you go to the druggist insist on getting the pure, original Haarem Oil in Capsules. Be sure the name GOLD MEDAL is on the box, and thus protect yourself against counterfeits.—(Adv.)

WHERE BLOODY YOUNGSTOWN RIOT STARTED; SOME OF THE RUINS

Top, north bridge in East Youngstown where strike riot started; bottom, ruins of Gaston's saloon, burned by strikers.

These pictures were taken in East Youngstown, Ohio, Saturday, following the fire started by rioting strikers which laid a large part of the town in ruins. The Youngstown Sheet & Tube company's plant is seen at the extreme left of the top picture. This company kept armed guards on the bridge. According to the strikers, and a statement issued by Mayor Cunningham, the trouble began when the guards on the bridge fired into a crowd of strikers. This infuriated the strikers and they started in to destroy the town.

NEW EAST MOLINE SCHOOL PROBABLE

Voters Authorize Purchase of Site for Proposed New Grade Building at Saturday Election.

IS PLEASING TO OFFICIALS

Action Taken By Electorate Is Considered Indication That Bond Issue Proposition Will Pass.

East Moline voters at an election Saturday authorized the purchase of a site for the proposed new grade school building in that city. There was no balloting on the bond issue which is necessary before the new school can be built, but this will be put up to the electorate in the near future, according to school officials.

As result of the election Saturday 22 lots will be bought by the school board. They are in the New Shops Center addition, east of Nineteenth street and south of the old Watertown line.

For the entire 22 lots only \$4,400 will be paid. Low price was made possible by the large number of lots bid on. Whether all the land will be used for immediate school needs, or whether the board in turn will make other disposition of a part of it, will be decided later.

Action of the voters Saturday is

IS NEW WARDEN OF SING SING PRISON

George W. Kirchwey.

George W. Kirchwey, dean of the School of Law of Columbia University since 1901, has been appointed acting warden of Sing Sing prison to succeed Thomas Mott Osborne, the former warden of the noted penal institute on the Hudson river. Dr. Kirchwey has promised the convicts a continuation of the humanitarian policies of the former warden and asked co-operation and support of the prisoners.

pleasing to the school authorities of East Moline, indicating as it does the progressive attitude of the citizens in school affairs, and practically insuring another school building, which will relieve the present congestion in certain of the city's schools.

To Cost \$40,000.

The new building, according to present plans, will cost in the neighborhood of \$40,000, that being the sum which will be specified on the ballot when the election on the bond question is held.

Good Deeds.

In man's mad strife for wealth and luxury it were well to remember these words from the Koran: "When a man dies they who survive him ask what property he has left behind. The angel who bends over the dying man asks what good deeds he has sent before him."

Nice Job.

"What line did you say you were in?" "I manufacture a face powder that can't be kissed off."

"Who has charge of your trial grounds?" — Louisville Courier-Journal.

A new system of numbering automobile plates is to be adopted in New York in 1916. There are to be three registration zones—Albany, Buffalo and New York city. In the first zone the numbers on the plates will be preceded by A, in the second by B, while in New York city they will have no alphabetical prefix. In this way the numbers in each zone will be restricted to five figures. To give additional legibility to the figures, the hundreds and thousands will be separated by a hyphen, thus, 35-020.

ASSURANCE GIVEN TO BUSINESS MEN

Attorney General Gregory Outlines Policy of Government in Enforcing Sherman Law.

Washington, Jan. 10.—Reassurances to the business men of the country regarding the policy of the department of justice in enforcing the Sherman anti-trust laws are believed here to be conveyed in a statement of Attorney General Gregory, published today, in which he outlines his policy.

The statement, issued through the Chamber of the Commerce of the United States, was in response to a suggestion that an expression from the attorney general as to the government's attitude in future anti-trust prosecutions, "might be regarded as reassuring to the public mind," and might "dispel some of the uncertainty which heretofore existed."

In announcing the policy in enforcing the law in admittedly doubtful cases, the attorney general said that where the department was assured of the good faith of the parties to a transaction, it had not been and would not be to invoke extreme penalties against them.

"In such a case," said Mr. Gregory, "the department would consider that the just and appropriate and quickest way of enforcing the law would be by a civil proceeding in which the question involved would be contested or a consent decree entered."

Work A Pleasure

is largely a matter of health; and in this a big factor is eating the right kind of food—food that repairs the daily wear and tear of body and brain—keeps one in trim.

Grape-Nuts

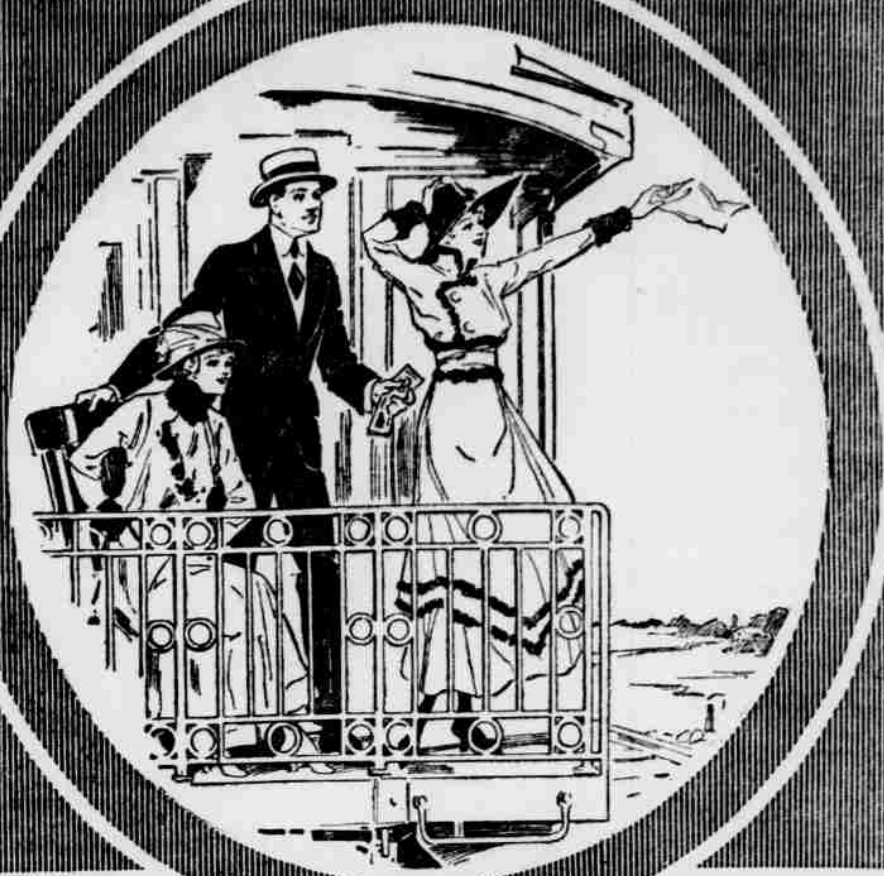

FOOD

made of whole wheat and malted barley, supplies all the rich nourishment of Nature's field grains, including their vital mineral salts, so lacking in many foods, but all-important in building up and sustaining brain, nerve and muscle tissue. Grape-Nuts with cream or good milk supplies sound, well-balanced nourishment—makes for happy days and successful endeavor.

according as to the defendants desired, or by a notice to the parties of the duty to abandon or modify the transaction."

Discussing the means adopted by the department to guard against unjust prosecutions, Mr. Gregory declared that the person or corporation against whom complaint is made, unless it has already declared its attitude, "is given full opportunity to submit its defense before any action is taken."

Regarding the policy in cases where it and the federal trade commission are both charged with enforcing the law, Mr. Gregory said that the department would, in general, be guided by the principle which governs the federal and state courts in cases where they have concurrent jurisdiction.

While admitting that there was some doubt as to the application of the Sherman law in cases, the attorney general declared that it was no more so than of other laws and added that such doubt as exists would be greatly reduced by decisions now pending in the supreme court.
